### About the Faculty of Applied Science & Technology

Sheridan's Faculty of Applied Science and Technology (FAST) provides a purposeful and nimble post secondary education.

At FAST, we provide practical, hands-on learning opportunities that can be carried from the classroom to the workforce. Our high-intensity and industry-renowned programs equip you with relevant knowledge and real-world problem solving skills.

From computing to engineering, architectural technology to chemistry and skilled trades, as a FAST graduate, you'll have more opportunities in a rapidly changing world.

### Faculty Highlights

#### MEET Faculty published in 2019 Proceedings Canadian Engineering Education Association Conference

Dr. Amjed Majeed, along with Zohreh Motamedi and Mouhamed Abdulla have co-authored a conference paper that has been published in the 2019 Proceedings Canadian Engineering Education Association (CEEA-ACEG19) Conference. The paper is entitled "Conceive Design, Implement, Operate (CDIO) in polytechnic education" and is attached for your information. Congratulations to everyone who worked on this published work!
